Experience

**August 2022 -
September 2022**
Singapore

CyberLife AI

Intern - flutter developer

Design and developed multiple cross-platform applications using various tools like figma and flutter to improve user experience. My job was focused more on android devices:

- Design and developed a new feature for a red cross training application
- Design the front end for an eye chart application.

Education

2021 - Present
Singapore

Ngee Ann Polytechnic

Diploma in Information Technology

Currently studying information technology in Ngee Ann polytechnic and expected to graduate in 2024.

These are the achievements I had made so far in Ngee Ann Polytechnic:

- Director's list in Y2S1 (top 10% in cohort)
- Distinction for Mobile Application Development module (top 5% in cohort)
- Cumulative GPA of 3.54/4.00

2017 - 2020
Singapore

Zhenghua Secondary School

O-level certificate

Acquired an O-level certificate with 11r4 of 15.

These are the achievements made while I was in Zhenghua Secondary School:

- Good progress award 2020
- 2nd place in NCC Air competition 2019
- Obtained sharp shooter badge for life firing 2019
- Educating pre-schoolers about Sustainability in 2018

Language

English 

Chinese 

Co-Curricular Activities

Ngee Ann Polytechnic:

Class representative for Y2S2

Class treasurer for Y1S1 and Y1S2

Zhenghua Secondary School:

NCC Air (3rd sergeant)

- Involved in teaching juniors commands, discipline and physical fitness.

Projects

- **Singapore Computer Society – Splash Award Competition**

Participated in SCS Splash Award Competition in 2021 with a team of 3 and pitched our idea to replace exam papers and revision notes with an app. Received award of participation.
